

Rimini Key Features

- ❖ 'Easy up' side post (cantilever) umbrella, ideal for all applications, particularly for covering large furnished areas, such as dining tables
- ❖ The canopy opens and closes with a 'one move system' assisted by a pneumatic spring
- ❖ The mast is made from an aluminum extrusion and the frame from aluminium sections
- ❖ Stainless steel fixings throughout
- ❖ Large sizes: 11ft 5" square and 10ft x 13ft rectangular
- ❖ Rotating feature through 360°
- ❖ The oval mast extrusion measures 4" x 2.3/4" powder coated in an attractive carbon gray. Optional: WHITE / IROKO WOOD EFFECT / TITATINIUM FINISHES
- ❖ The mast may be positioned adjacent to a wall
- ❖ The canopy retracts to the side, thus leaving the previously shaded area completely clear
- ❖ Ground anchor made of stainless steel
- ❖ European solution-dyed acrylics are used for the membranes (fabric), with a choice of around 10 colors. Additional colors are available which may be incur a surcharge
